The applicant shall state the location of the proposed activity and other facts as are required by the Department for the granting of the license. The license shall be posted in a conspicuous place on the premises of the establishment. Initial and renewal license applications for all licensed sites, facilities or establishments shall be accompanied by the applicable fees as prescribed by the Community Health Board.

(B) *Summary suspension.*

(1) If the Department finds that the public health, safety or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, summary suspension of a license may be ordered by the Department upon notification of the County Attorney's office and the Community Health Board. Written notice of the summary suspension shall be served by registered or certified mail to the licensee at the address, designated in the license application. (C) *Re-inspections.* Upon written notification from the licensee that all the violations for which a suspension or summary suspension was invoked have been corrected, the Department shall re-inspect the facility or activity within a reasonable length of time, but in no case more than ten county working days after receipt of the notice from the licensee. If the Department finds, upon the re-inspection, that the violations constituting the grounds for the suspension have been corrected, the Department shall immediately dismiss the suspension by written notice to the licensee served personally or by registered or certified mail at the address designated by the license application.

(Ord. passed 9-20-2016)

The applicant or his or her designated representative shall attend the hearing and present the facts or conditions upon which the application for the variance is based. (B) Unless an extension of time is requested by the appellant in writing directed to the Chair of the Community Health Board and is granted, the hearing will be held no later than 45 calendar days after the date of service or request for a hearing, exclusive of the date of the service. In any event, the hearing shall be held no later than 90 days after the date of service of request for a hearing, exclusive of the date of the service.

(C) The Community Health Board shall mail notice of the hearing to the appellant and to the Department at least 15 working days prior to the hearing. The notice shall include:

(1) A statement of time, place and nature of the hearing;

(2) A statement of the legal authority and jurisdiction under which the hearing is to be held; and

(3) A reference to the particular section of the applicable county public health ordinance and rules involved.

(D) The Community Health Board may, by resolution, appoint an individual, to be known as the Hearing Examiner, to conduct the hearing and to make findings of fact, conclusions and recommendations to the Community Health Board. The Hearing Examiner shall submit the findings of fact, conclusions and recommendations to the

Community Health Board in a written report, and the Community Health Board may adopt, modify or reject the report.

(E) The applicant or licensee may be represented by counsel. The Department, the licensee or applicant, and additional parties, as determined by the Community Health Board or Hearing Examiner, in that order, shall present evidence. All testimony shall be sworn under oath. All parties shall have opportunity to respond to and present evidence, cross-examine witnesses and present argument. The Community Health Board or Hearing Examiner may also examine witnesses.

(F) The Department shall have the burden of proving its position by a preponderance of the evidence, unless a different burden is provided by substantive law. All findings of fact, conclusions and decisions by the Community Health Board shall be based on evidence presented and matters officially noticed.

(G) All evidence which possesses probative value, including hearsay, may be admitted if it is the type of evidence on which prudent persons are accustomed to rely in the conduct of their serious affairs. Evidence which is incompetent, irrelevant, immaterial or unduly repetitious may be excluded. The hearing shall be confined to matters raised in the Department's written notice of suspension, summary suspension or termination or in the appellant's written request for a hearing.

(H) The Community Health Board and/or Hearing Examiner, within three days after the hearing, shall sustain, modify or withdraw the notice of closure, suspension or revocation depending on its findings. A copy of the decision shall be served by mail to the petitioner or petitioners. Any person aggrieved by the decision by the Community Health Board and/or Hearing Examiner may seek relief therefrom in any court of competent jurisdiction as provided by the laws of the state.

(I) At the request of any party or upon motion of the Community Health Board or Hearing Examiner,

a pre-hearing conference shall be held. The pre-hearing conference shall be conducted by the Hearing Examiner, if the Community Health Board has chosen to use one, or by a designated representative of the Community Health Board. The pre-hearing conference shall be held no later than five county working days before the hearing. The purpose of the pre-hearing conference is to:

(1) Clarify the issues to be determined at the hearing;

The Hearing Examiner or the Community Health Board Representative may require each party to supply a reasonable number of copies of relevant evidence capable of reproduction; and

(3) Provide an opportunity for discovery of the full name and address of all witnesses who will be called at the hearing and a brief description of the facts and opinions to which each is expected to testify. If the names and addresses are not known, the party shall describe them thoroughly by job duties and involvement with the facts in issue.

(J) If a pre-hearing conference is held, evidence not divulged as provided above shall be excluded at the hearing unless the party advancing the evidence took all reasonable steps to divulge it to other adverse party prior to the hearing and:

(1) The evidence was not known to the party at the time of the pre-hearing conference; or

(2) The evidence is in rebuttal to matter raised for the first time at or subsequent to the pre-hearing conference.
