Detecting & Navigating Dementia

Part I: Dementia Detection & Partnering with Doctors

Part II: Learning the Language of Dementia: Communication & Managing Behavioral Symptoms

Presented by Michelle Barclay – 10 a.m. – 3 p.m.

Michelle received her Master's degree in Lifespan Developmental Psychology with a specialization in Gerontology from Louisiana State University. She has over 25 years of experience working with people with dementia and their care partners as a researcher, consultant, educator, and program planner. Her areas of expertise include timely detection, early intervention and improving health care quality for people with dementia. For nearly 20 years, Michelle developed and directed programs at the Alzheimer's Association California Southland and Minnesota-North Dakota chapters. In 2015-16, she served as the Executive Co-Lead of ACT on Alzheimer's, an award-winning, volunteer-driven, statewide collaborative preparing Minnesota for the impacts of Alzheimer's disease. Michelle is also the President and Co-Founder of The Barclay Group, LLC, which provides aging and dementia-related program planning, education, training and independent consulting to government, non-profit and for-profit organizations, individuals and families. Michelle is the recipient of a 2016 Atlantic Philanthropies and Hartford Foundation Practice Change Leaders Award for Aging and Health.

Your Pharmacist is Your Friend

A review of medications in older adults, best practices, and a review of over the counter medications.

Presented by: Rachelle Kunde Davis, Pharm.D, BCACP Pharmacist II – 3 p.m. – 4:30 p.m.

Rachelle Davis, PharmD, BCACP, earned her Doctorate of Pharmacy degree from North Dakota State University College of Pharmacy in 2013. Following graduation, she completed a pharmacy residency at the Minneapolis VA Health Care System in Minneapolis, MN and Rice Lake, WI. Rachelle returned to her hometown of Marshall in 2014 as the Clinical Pharmacist at Avera Marshall Regional Medical Center. Her primary roles include ambulatory clinic management, inpatient clinical pharmacy, antimicrobial stewardship, expanding clinical pharmacy services, and teaching pharmacy students.
