Education Identity and Access Management Board Resolution

The Minnesota Department of Education (MDE), Professional Educator Licensing Standards Board (PELSB), and Office of Higher Education (OHE) require annual designation of an Identified Official with Authority (IOWA) for each local educational agency that uses the Education Identity and Access Management (EDIAM) system. The IOWA is responsible for authorizing, reviewing, and recertifying user access for their local educational agency in accordance with the State of Minnesota Enterprise Identity and Access Management Standard, which states that all user access rights to Minnesota state systems must be reviewed and recertified at least annually. The IOWA will authorize user access to State of Minnesota Education secure systems in accordance with the user's assigned job duties, and will revoke that user's access when it is no longer needed to perform their job duties.

Your school board or equivalent governing board must designate an IOWA to authorize user access to State of Minnesota Education secure websites for your organization. This EDIAM board resolution must be completed and submitted to the Minnesota Department of Education annually, as well as any time there is a change in the assignment of the Identified Official with Authority.

It is strongly recommended that only one person at the local educational agency or organization (the superintendent or exec. director) is designated as the IOWA. The IOWA will grant the IOWA Proxy role(s).

It is my pleasure to present the 2023 Annual Report on behalf of A.C.E. of SW Minnesota.

I would like to take this opportunity to thank our dedicated volunteers for sharing their time, knowledge, and talents for the betterment of their communities and themselves, especially as we work to rebuild our volunteer counts and volunteer opportunities these past few years!

Upon reviewing the data listed within this report, it is evident that volunteerism has continued to improve over the last year. Both the number of active volunteers and the number of volunteer hours served in 2023 increased over the 2022 numbers. All eight Counties in our service area had Thrift Shops, Transportation, and/or Food Distribution/Food Delivery services make their Top 10 lists in 2023. Six of eight Counties also had Quilting stations make their Top 10 lists in 2023. This confirms that volunteers play a crucial role in providing essential services in all our communities! Additionally, Volunteers help build capacity and improve sustainability for the organizations that they serve and are vital resources in helping nonprofits deliver on their mission.

See the impact that A.C.E. of SW Minnesota Volunteers made in 2023 on the following pages!

Michelle

Your local VOICE for Aging Services & Volunteer Opportunities

2,591 volunteers collectively recorded 271,141 hours of service at 367 active volunteer stations. 51 of the 2,591 volunteers donated their time in more than one county.

This is equivalent to more than 130 full-time employees.

The cumulative cost per hour of volunteer service of all A.C.E. volunteers was \$1.97.

The task of putting a dollar value on volunteer time is a difficult one, because volunteers provide so many intangibles that cannot be easily quantified. Even so, the Bureau of Labor Statistics compiles yearly earnings data that is indexed by Independent Sector - a leadership network for nonprofits, foundations, and corporations - to generate a national rate for volunteer time as well as individual rates for each state. The estimated National value of volunteer time for 2023 was \$33.49 per hour and the estimated Minnesota value of volunteer time for 2023 was \$36.31 per hour. These estimates help quantify the enormous value of the services that volunteers provide.

Using the 2023 National value of Volunteer Time (\$33.49 per hour), A.C.E. of SW Minnesota volunteers donated \$9,080,512 of service in 2023.

Using the 2023 Minnesota value of Volunteer Time (\$36.31 per hour), A.C.E. of SW Minnesota volunteers donated \$9,845,130 of service in 2023.

Over the years, we have expanded our programming to include more than just volunteer opportunities. We have added programs for Caregivers, Dementia education, and active/healthy living classes. All of the services we now offer help the aging members of our communities remain independent and safe in their own homes for as long as possible.

“Surplus Equipment Form” means the form attached as Exhibit A to this Policy that must be filled out by a Nonprofit Organization requesting a Donation of Surplus Equipment.

Procedure

The County may offer surplus equipment for Donation in conformance with the following guidelines:

1. Identify Surplus Equipment. Department Heads are responsible for monitoring their equipment and shall identify and report all Surplus Equipment on a periodic basis or as otherwise requested.
2. Determine the Fair Market Value of Surplus Equipment. The Department Head shall recommend the Fair Market Value of the Surplus Equipment, if required.
3. County Board Declaration. The list of the Surplus Equipment shall be presented to the County Board. The County Board shall approve or deny the surplus equipment as eligible for donation. The County has no obligation to make a Donation of Surplus Equipment. Surplus Equipment that is not donated may be sold, recycled or discarded as allowed by law.
4. Donation. After the County Board has determined the Surplus Equipment is eligible for Donation, the department head shall be responsible for coordinating the Donation of the Surplus Equipment in accordance with the terms of this Policy.
5. Transfer between Departments. All Surplus Equipment must first be considered for transfer between departments for the benefit of the County.
6. Advertisement. Surplus Equipment shall be posted as eligible for Donation on the County's website. The County may also use other reasonable means to notify Eligible Organizations about the availability of Surplus Equipment.
7. Approval of Donation. Donation must be approved by the County Board.
8. Prioritization of Donations. If more than one Eligible Organization requests a Donation for the same Surplus Equipment, the County shall consider factors it deems relevant including how the Surplus Equipment will be used, the benefit to the Eligible Organization, the impact on the County, how the Donation will accomplish goals of the County Board, and any previous Donation to the Eligible Organization.
9. Conflict of Interest. All County employees and officials are prohibited from taking possession of any Surplus Equipment on behalf of an Eligible Organization.
10. As Is. A Donation of Surplus Equipment is made "as is" with no warranty, guarantee or representation of any kind, express or implied, as to the condition, utility, or usability of the Surplus Equipment offered. The Surplus Equipment may be defective and cannot be relied upon for safety purposes.
11. Title/Transfer Fees. Any fees required to transfer the Surplus Equipment are the responsibility of the Eligible Organization.
12. Transportation. On Exhibit A, Surplus Equipment Form, the Eligible Organization must provide a plan for transporting the Surplus Equipment from the County to the Eligible Organization. The Eligible Organization must pay all expenses associated with the transportation of the Surplus Equipment.

13. Title. When Surplus Equipment is donated to an Eligible Organization, title and interest in the donated item rests with the Eligible Organization. The County has no title, property, possessory or any other interest in Surplus Equipment once a donation occurs.

14. Disclaimer of Warranties. The County makes no agreement, warranty or representation, either express or implied, as to the value, design, condition, merchantability or fitness for any particular purpose or use of the Surplus Equipment by the recipient or any other user.

The recipient acknowledges the Surplus Equipment may be defective and that it cannot be relied upon for safety purposes. The recipient has a duty to inspect the Surplus Equipment before it is used for any purpose.

The recipient acknowledges the following: the County is not a manufacturer of the Surplus Equipment or a dealer therein; the Surplus Equipment is being provided “as is” and “with all faults”; it is agreed and understood that all of the aforementioned risks are to be borne by the recipient of the Surplus Equipment.

How will the requested Surplus Equipment benefit your organization?

The equipment will continue to be used by the RRRSWA for the everyday function of collecting, storing, transporting and disposing of recyclables, MSW and demolition materials for the two-county organization. Responsibilities of the County Board of Appeal and Equalization

The responsibility and procedure for the County Board of Appeal and Equalization are contained in Minnesota Statutes 274.13 and 274.14.

1. The County Board of Appeal and Equalization shall consist of the County Commissioners or a majority of them, with the County Auditor, or if the Auditor cannot be present, the Deputy County Auditor or if there is not a Deputy, the Court Administrator of the District Court. Their purpose shall be to form a Board of Appeal and Equalization for the assessment of the property in the County.
2. Each time the County Board of Appeal and Equalization convenes, each board member present will need to sign the document entitled Minnesota Revenue Certification Form 2024. The purpose of this form is to document that a trained board member is present and that a quorum has been established.

Any county that fails to meet the compliance of having a certified member by February 1st:

- Is deemed to have transferred its powers to the Special Board of Equalization for the following assessment year.
- The county board must appoint a special board before the following year's assessment. The Special Board of Equalization serves at the direction and discretion of the appointing County Board, and is subject to the restrictions imposed by law on the appointing board. The appointing board may determine the number of members to be appointed to the special board, the compensation and expense to be paid, and the term of the office of each member. At least one member of the special board must be an appraiser, real estate agent, or other person familiar with property valuations in the county. For a Special Board, the County Auditor is a nonvoting member and serves as the recorder.
- A county board whose powers are transferred to the special board for failing to meet these requirements may be reinstated by resolution of the County Board and upon proof that at least one of the County Board's members has attended the appeals and equalization course. The resolution and proof must be provided to the commissioner of revenue by December 1st to be effective for the following assessment year.

County and Special Boards of Appeal and Equalization are both held to the same training and quorum requirement as are outlined in Minnesota Statute, section 274.135. For both County and Special Boards of Appeal and Equalization, at least one member of the board must have completed Department of Revenue training and received certification, and a quorum of members must be present at each meeting.

If a board attempts to convene but cannot because it does not have a quorum or trained member present, the taxpayers will be allowed to appeal to the Commissioner of Revenue so they are not disenfranchised. Pursuant to law, a fee of \$500 per tax parcel will be assessed to the county for these appeals.

An important duty placed by law upon the County Board is to serve as the County Board of Appeal and Equalization. Effective actions taken by the County Board may potentially make a direct contribution to attaining assessment equality.

One of the main objectives in property tax administration is an equalized assessment (sales ratio's between 90-105%). It is important that maximum equalization be attained both among individual properties as well as between taxing districts. The purpose of the County Board of Appeal and Equalization is to provide a fair and objective forum for property owners to appeal their valuation or classification. The goal of the County Board of Appeal and Equalization should be to attempt to address property owner's issues efficiently, fairly, and objectively.

Always keep in mind that any changes made by the board must be substantiated by facts. Any value reductions must be justified because they have the effect of shifting the tax burden to other property in the jurisdiction. It is assumed that the assessor properly valued and classified all the property in the jurisdiction. The burden of proof rests with the property owner, who must present factual evidence to disprove the assessor's value or classification.

3. Board meetings dates/times. Minnesota Statute, section 274.14 states:

- The board must meet after the second Friday in June on at least one meeting day and may meet for up to ten consecutive meeting days
- The actual meeting dates must be contained on the valuation notices mailed to each property owner in the county as provided in section 273.121. For this purpose, "meeting days" is defined as any day of the week excluding Sunday. At the board's discretion, "meeting days" may include Saturday.
- For County Board of Appeal and Equalization meetings convened in 2024, the board must hold at least one meeting that does not recess or adjourn prior to 7:00 p.m.
- If the board does not offer a meeting until 7:00 p.m., the board must meet on a Saturday.
- For County Boards that require appointments, appointments must be allowed as late as 7:00 p.m. or on a Saturday.

In no case can the County Board of Appeal and Equalization exceed the maximum length of session of 10 consecutive meeting days. If the County Board of Appeal and Equalization completes its work in less than 10 days, it may adjourn at that time.

No Action taken by the County Board of Appeal and Equalization after June 30 is valid, except for corrections that are clerical in nature or changes that extend homestead treatment until the tax extension date for that assessment year. Any such changes made by the assessor after adjournment must be fully documented and maintained in a file in the assessor's office and shall be available for review.

4. It is a requirement that a property owner has made an official appearance at the Local Board of Appeal and Equalization prior to an appearance at the County Board of Appeal and Equalization. This could have been done in person, by agent, or by letter.
5. If the jurisdiction elected to have an alternative Board of Appeal and Equalization, the County Board of Appeal and Equalization meeting can be attended without the property owner attending the alternative review meeting provided by the assessor. These property owners were notified of the "open book" information meeting however, it is not a prerequisite to attending the County Board of Appeal and Equalization.
6. For the 2024 assessment all Redwood County property owners were afforded the opportunity to attend a Local Board of Appeal and Equalization or Open Book Meetings to discuss their values and classification.
7. For equalization activities the Board must not reduce the aggregate value of all property in Redwood County by more than one percent of the total valuation. If the total amount of adjustments made by the County Board does lower the aggregate assessment by more than 1 percent, none of the adjustments will be allowed. There are no restrictions to the amount of the total aggregate increases.
8. Members of the County Board can't participate in discussions or actions involving appeals of their own property, property of relative, or property in which they have a financial interest. County board members shall not participate in any actions of the board which result in market value adjustments or classification changes to property owned by the board member, the spouse, parent, stepparent, child, stepchild, grandparent, grandchild, brother, sister, uncle, aunt, nephew, or niece of a board member, or property in which a board member has a financial interest. The relationship may be by blood or marriage. The appeal should be handled solely by the remaining members of the board who have no such interest in the property.
9. The format for the County Board of Appeal and Equalization is at the discretion of the Board. Before the Board convenes the Board must take the oath of office. This is typically given by the Judge. If a property owner appears and is requesting a change in valuation and the assessment staff have not been given an opportunity to review the property, the first meeting should be recessed until a later date in order for the assessor's staff to make appointments to view properties and make recommendations to the Board when it reconvenes the meeting. All work of the Board has to be done by June 30, 2024.

All information that is provided to the board is taken under advisement and in some cases additional information is obtained and provided to the board. There will be a recommendation made from the Assessor's Office on each appealing property; the Board may follow all, some or none of the Assessor's recommendations.

10. The County Auditor shall keep a record of the proceedings and the orders of the Board. The County Assessor completes a certification form and must submit it along with a copy of the minutes within five working days to the Department of Revenue as required by section 274.16.

The 2024 Redwood County Assessment

Market Value as the Basis for the Assessment

The 2024 assessment, like each of the annual assessments, affect all property owners in Redwood County. State law requires the assessor value all the property at market value each year as of January 2nd. This has been done and the property owners have been notified of their 2024 value and classification on the prescribed by statute format of the Local Board of Appeal and Equalization Form.

Minnesota Statute 273.121 reads, "All real property shall be valued at its market value. In estimating and determining such value, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis for taxation, nor shall they adopt as criterion of value the price for which property would sell at auction or forced sale, or in the aggregate with all the property in the town or district but they shall value each article or description of property to be fairly worth in money"

The statute says all property shall be valued at market value, not may be valued at market value. This means that no factors other than market value issues shall affect the assessor's value and subsequent action by the Board of Appeal and Equalization.

Market value is, "The most probable price in terms of money which a property will bring if exposed for sale on the open market by a seller who is willing but not obligated to sell, allowing a reasonable time to find a purchaser who is willing but not obligated to buy, both with knowledge of all the uses to which it is adapted and for which the property is capable of being used".

The real estate tax is ad valorem (by value), and based on the value of property and not the owner's ability to pay. The assessment is updated in a uniform objective manner each year. The assessor analyzed the previous twelve month's real estate sales to modify the mass appraisal system to the current market as well as to improve equalization among properties. For the January 2, 2024 value, sales from October 1, 2022 to September 30, 2023 were analyzed both for market trends as well as the assessment to sale ratio (assessor's value divided by sale price).

Reasons Why Valuations Change

There are two reasons that valuations change. The most common is inflation or deflation of prices in the real estate market.

The second reason for a valuation change is, even in a stable market, if a property value based on analysis of sales, is thought to be under assessed, either in relation to other properties or to a range of acceptable guidelines, the valuation may increase. Different types of real estate change at different rates and the economic principle of change say that values are constantly changing. In order to treat all types of property fairly the Commissioner of Revenue requires all property types to be assessed between 90 and 105 percent of selling prices. Any assessment, be aggregate property type, that is outside of these parameters could receive a State Board of Equalization change.

Methodology in Estimating Value

The purpose of the assessment process is to make an accurate estimate of the market value of each parcel of property every year. This requires current information about the properties being assessed and the local real estate market. The Redwood County Assessor's Office maintains a record of every property in the county, including its size, location, physical characteristics and condition. This record is updated whenever new information becomes available. The information may be as a result of a door-to-door revaluation, improvements being made to the property or when the property owner requests a physical review.

The Assessor's office examines all sales that are recorded in the County Recorder's Office in order to analyze as much information as possible about the local real estate market. The document that is prepared at recording is the electronic Certificate of Real Estate Value (ECRV). The assessor's office

receives a copy as well as the State of Minnesota, Department of Revenue. When reviewing the Certificates of Real Estate Value any evidence suggesting a forced sale, foreclosure, sale to a relative or anything but an arms-length transaction results in the sales information being omitted from the study. This is important because the real estate sales information is the database for the statistical comparisons necessary to make the property assessment.

Measures of Assessment Level and Quality

The accuracy of the Assessor's Office work project is measured by the assessment to sale ratio (sales ratio), which is the assessor's estimated market value divided by the actual selling price. For example, a house having an estimated market value at \$90,000 and an actual selling price of \$100,000 equals a sales ratio of 90 percent. The State studies sales of property by classification, by jurisdiction and requires the sales ratio to be between 90 to 105%.

One of the main objectives in property tax administration is an equalized assessment. It is important that maximum equalization be attained both among individual properties as well as between taxing districts because the assessment serves as a basis for:

1. Tax levies by overlapping governmental units (i.e. counties, school districts, and special taxing districts).
2. Determination of net bonded indebtedness restricted by statute to a percentage of either the local assessed value or market value.
3. Determination of authorized levies restricted by statutory tax rate limits.
4. Apportionment of state aid to governmental units via the school aid formula and the local government aid formula.

An equitable distribution of the tax burden is achieved only if it is built upon a uniform assessment. The result of a non-uniform assessment is a shift in the tax burden to other property owners.

A copy of the 2024 State Board of Equalization orders is attached.

Homestead Market Value Exclusion

The Market Value Exclusion reduces the taxable market value for property classified as homestead if it is valued below \$517,200. By decreasing the taxable market value, net property taxes are also decreased.

How the Exclusion Works[-]

The exclusion reduces the taxable market value of qualifying homestead properties. By decreasing the taxable market value, net property taxes are also decreased.

How the Exclusion is Calculated[-]

For homesteads valued at \$95,000 or less, the exclusion is 40% of the market value, creating a maximum exclusion of \$38,000. The exclusion is reduced as property values increase and phases out for homesteads valued at \$517,200 or more. Properties that are partial homesteads (for example, when only one of two owners lives there) will have a reduced exclusion.

Example 1: A residential homestead with an estimated market value of \$280,000

Since this property has a value over \$95,000 we need to determine the amount of value over \$95,000. Next, we multiply that amount by 9% to determine the reduction from the maximum of \$30,400. This example has an exclusion amount of \$21,350.

Homestead Market Value Exclusion Calculation:

1. Initial/Maximum Exclusion: $\$95,000 \times 40\% = \$38,000$
2. Value over \$95,000: $\$280,000 - \$95,000 = \$185,000$
3. Benefit Reduction Amount: $\$185,000 \times 9\% = \$16,650$
4. Final Exclusion Amount: $\$38,000 - \$16,650 = \$21,350$
5. Taxable Market Value: $\$280,000 - \$21,350 = \$258,650$

As you can see, this reduces the property's taxable value from \$280,000 to \$258,650.

Example 2: Residential homestead with an estimated market value of \$350,000.

The value of the property has increased therefore the exclusion amount for this property will be reduced.

Since this property has a value over \$95,000, we need to determine the amount of value over \$95,000. Next, we multiply that amount by 9% to determine the reduction from the maximum of \$38,000. This example has an exclusion amount of \$15,050.

Homestead Market Value Exclusion Calculation

1. Initial/Maximum Exclusion: $\$95,000 \times 40\% = \$38,000$
2. Value over \$95,000: $\$350,000 - \$95,000 = \$255,000$
3. Benefit Reduction Amount: $\$255,000 \times 9\% = \$22,950$
4. Final Exclusion Amount: $\$38,000 - \$22,950 = \$15,050$
5. Taxable Market Value: $\$350,000 - \$15,050 = \$334,950$

As you can see, this reduces the property's taxable value from \$350,000 to \$334,950.
